SMART ASSEMBLY

---

## The Future of Assembly

Available in the Cloud or On Premise, VKS is helping companies worldwide revolutionize their operations with an intuitive digital platform.

## Digital Shopfloor

Long gone are the days of paper work instructions and a lack of traceability. Digital tools are here to improve your operations.

## IoT Connectivity

Take advantage of Industry 4.0 and integrate your enterprise software systems for full shop floor connectivity.

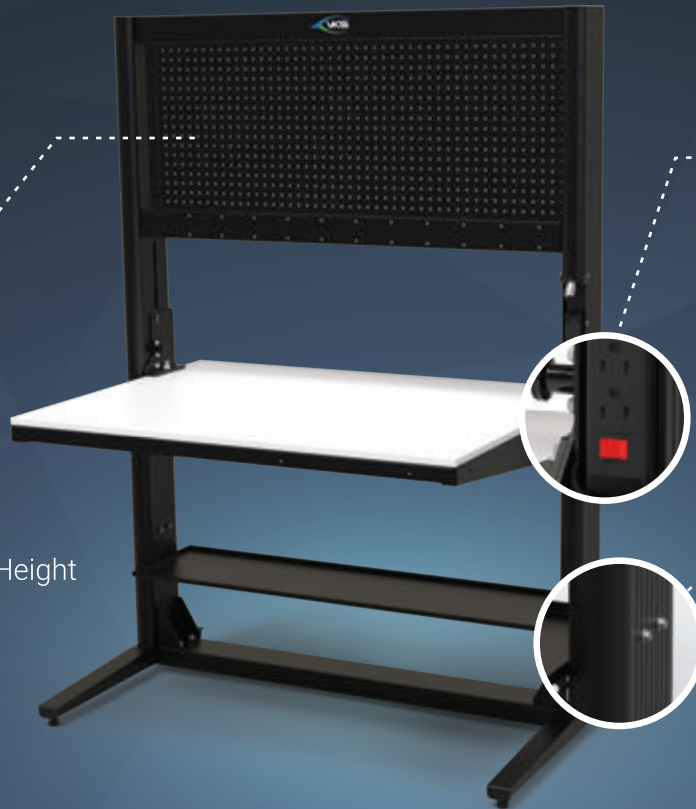

Modular Design

Adjustable Height

• Electrical  
& Pneumatic Built-In

• Heavy Duty Frame
